IITD Maze Treasure Hunt

Arushi Goyal(2020CS50418)

Supreeti Kumari(2020CS10396)

welcome to IIID Treasure Hunt!

START

Instructions to play:

- **IITD Maze Treasure Hunt is a 2-player game with the objective to find treasures using the hints provided.**

- **The player needs to refrain from entering restricted areas to avoid penalty and save lives.**
- **You can also look for treasures inside certain buildings.**

Hint example:

HINT

The wheels of a car go round and round with all the glances at your clock while you wait for her heart.

Game controls:

- Use arrow keys to navigate the campus.
- Use number keys(1 to 8) to display and hide hints(Press '1' to display first hint and press it again to hide the hint).
- Press 'E' to enter a building and press it again to exit. You can also use the exit button on the building maps to go back to the main map.
- Use letter keys('a' to 'c') to display warnings(Press 'a' to display first warning and press it again to hide the warning).
- Use the quit button on the main map to quit the game.

Treasures:

The hints lead to treasures which earn you points:

- Ruby worth 150 points
- Sapphire worth 200 points
- Pearl worth 25 points
- Silver worth 75 points
- Gold worth 175 points
- Emerald worth 100 points
- Coins worth 50 points
- Diamond

Warnings:

You receive penalty on entering restricted areas.

Note:

- **Each player has 3 lives. He/She loses one life and receives some penalty upon stumbling over some restricted area.**
- **You have 5 minutes to play the game.**

Winning criteria:

- **The player who finds the diamond first wins the game.**
- **In case no player is able to find the diamond within the designated time, the one with the maximum score at the end of the timer, wins.**
- **In case a player exhausts all his lives, the other player automatically wins the game.**
